

# LuxcareXT<sup>®</sup>

Protection

Appearance  
protection.  
Inside and out.

ASSURANT<sup>®</sup>

## Help your car keep that showroom finish.

LuxcareXT is our exclusive car interior and exterior appearance protection product. Our revolutionary, environmentally friendly product uses cutting-edge nanotechnology to provide long-lasting protection.

LuxcareXT penetrates the vehicle's clear coat to protect against weather-induced fading caused by road salt, UV rays, acid rain, bird droppings and other grime. It also helps prevent brake dust staining on aluminum alloy wheels, the dulling of headlight lenses and small windshield cracks.

In addition to protecting the car exterior, LuxcareXT also provides car interior protection from small rips and tears, staining, discoloration, and odors caused by mold and mildew. It even shields vehicles from permanent stains caused by spilled drinks, ink, makeup or crayons, keeping interior carpet, fabrics, leather and vinyl looking fresh and vibrant.

### Benefits:

- Helps maintain the color, texture and beauty of your paint
- Creates a barrier against stains
- Helps extend the life of fabric seats and carpets
- Helps retain natural softness of leather seats

Protect your vehicle's appearance, improve your resale value and, most importantly, enjoy a more comfortable driving experience with LuxcareXT protection today!
