

Your Flood Insurance Coverage Options

Hi there,

Thanks for reaching out about a Preferred Risk Policy with us. Unfortunately, your home doesn't qualify for this policy. But here's the good news.

I know just how to help.

With Assurant Flood Insurance, you have more options than a Preferred Risk Policy and can still get the coverage you need. Assurant's Flood Insurance policy gives you benefits, like:

- Optional limits for both building and contents coverage as well as deductible; you get to choose the best fit for your needs and budget
- Virtual claims management
- Assurant's expertise when you need it

I'd love to talk more with you about how Assurant Flood Insurance can protect your home. Please give me a call at [\[NUMBER\]](#) so we can work out the details.

Thanks,
